Japs Offer to Surrender

13 Scouts to Leave Sunday For Campsite

Thirteen Boy Scouts of Marin City's Troop 32 are leaving this Sunday for a week's camping trip at Jenner-by-the-sea, a resort camp on the Russian River. They will be accompanied by Arthur Hart, scoutmaster, and Arthur Walenta, assistant scoutmaster.

The boys are Earlie Cobb, patrol leader; John L. Young, assistant patrol leader; Bill Lindburg, patrol leader; George Newman, den chief; Laval Shurtz, assistant patrol leader; Donald Gareis, assistant patrol leader; Joe Shimmis, patrol leader; Stanley Wilker, past patrol leader; John Lardner, tenderfoot; Ralph Price, senior patrol leader; Glenn Bishop, scribe; William Bair, past assistant patrol leader, and Raymond Seiker, den chief.

The boys will enjoy a week of fishing, boating, and hiking. There will also be supervised work on preparation for passing scout tests.

Carnival Invite From Sausalito

Marin City residents have been invited to attend the Benefit Carnival to be held next Thursday, Friday and Saturday nights in Sausalito, at the fire house.

With games for all, plus awards for \$700 in War Bonds, the Postwar Welcoming Committee in Sausalito hopes to raise funds for hospitality to returning veterans after their discharge from the services.

Chairman of the event is City Councilman John Davidson, who is being assisted by members of the Volunteer Fire Department, Sausalito Yacht Club, and many other civic groups.

Council Meeting

The Marin City Council meets Sunday, August 12, at 8 p.m. in the Community House lounge. The meeting is open to all residents.

Cleanup Job Half Finished Youngsters Receive Awards

Rag Bag Party is Gala Event for Children

Winding up the first week of the clean-up campaign, over 125 youngsters swarmed into the Community Auditorium Monday night to join in community singing, eat cake and drink cokes—their reward for five or more hours of picking up papers and other refuse in the area of Marin City homes.

Many of them dressed in the spirit of the "ragbag" costume party. Barbara Gerles was first prize winner among the girls for her costume, and Douglas Gonyea was judged the most "down-and-out" looking boy. Each was awarded \$1.50 in War Savings Stamps.

Mrs. Earl James, of the Improvement Committee of the Marin City Council, arranged for and helped serve the refreshments. T/Sgt. Emmett Watkins, husband of Mrs. Avis Watkins, new playground director, led the community singing at the close of the party.

Pacific Enemy Surrenders When Faced By Atomic Bombings and Russian War Entry

In the face of Russian entry into the Pacific war and the advent of the revolutionary atomic bomb on their homeland, the Japanese government called quits this morning on their plan for world domination and are prepared to accept unconditional surrender, according to their own official news agency, Domei.

The peace terms have been made to the Swiss and Swedish governments, respectively. Early this morning, no official acceptance or denial of the terms had been made by the Allied governments.

According to a Japanese broadcast, "The Japanese government is ready to accept the terms of the Potsdam Conference with the understanding that the said declaration does not compromise any demand which prejudices the prerogatives of his majesty as sovereign ruler."

That this intent to keep Emperor Hirohito on his throne may be cause for delay on settlement of the peace terms, seemed likely, according to a number of radio and news commentators. However, according to the Japanese announcement, the terms of unconditional surrender seemed guaranteed.

Today's news, for which America has been working and fighting since December 7, 1941, comes at the end of the most newsworthy week in America's history. It was a natural follow-up of two other great announcements—the invention of the atomic bomb and its blasting of the Japanese homeland, and Russia's entry into the war.

Management Asks for Ideas On Comfort Station Problem

A formal request for the Improvement Committee's solution to Marin City's rest room problem was made in a letter received this week by the committee from Judge Guy A. Ciocca, executive director. This step marks the first action made by the housing authority toward cooperation with the residents on the problem which was brought out one month ago.

According to Judge Ciocca's letter, the matter of comfort stations in the commercial area of this town was broached at the last meeting of the Marin County Housing Commission. The commissioners instructed the housing executive to communicate with the committee, and ask members for a letter outlining suggestions for proper installation and maintenance of such facilities "if supplied."

Judge Ciocca also took occasion to point out that lavatories were maintained in the commercial area at one time, but they were closed by demand of the United States Public Health Service.

The problem of sanitation and supervision of public rest rooms here will be the big subjects discussed in the exchange of letters and negotiations now started.

Great need for such facilities in Marin City was first voiced at the last Marin City Council meeting, when residents declared barrels and telephone booths were being utilized in the absence of more appropriate facilities.

Paper Drive This Sunday Benefits Boy Scouts, Cubs

Marin City's regular monthly paper drive will be held next Sunday, August 12. The Salvage Committee announces that proceeds from sale of the collection will be turned over to treasuries of the Boy Scouts and Cubs.

Residents are requested to tie bundles of newspaper and magazines separately and put them by the edge of main roads in the town Sunday morning. Volunteer collectors will begin gathering the paper on the North Hill.

"The nation's demand for paper is still vital. Do your share by getting the waste paper from your household back into circulation," says Mrs. Earl James, chairman.

Cosmopolitan Mrs. Lindsay On H. A. Staff

Mrs. Joseph B. Lindsay, Marin City resident, is the newest addition to the Housing Authority staff—a part time worker with the project services department as interviewer for CPS memberships.

The traveled Mrs. Lindsay brings a touch of the wide world including some war time experiences into this town which houses people from so many different states.

Born in Duluth, Mrs. Lindsay was taken to England as a baby and was raised in Wales. It was not until she applied for a passport for a round-the-world tour, that Mrs. Lindsay discovered she was an American citizen.

The tour was undertaken on a picture and story assignment with Strand Magazine, an English publication. She started her travelogue in 1936, interrupted the trip to be married, took it up again with her husband and was caught in the bombing of Shanghai in August, 1937.

During her busy career in Europe, the Orient and America, she has worked as an ad copy writer in Chicago and New York, and edited the Mexico Habla—a magazine in Mexico.

Ship No. 90 To Be Launched At Marinship

Ship No. 90, the USS Conecuh, will slide down the ways at Marinship tomorrow afternoon. It is a tribute to stenographers, telephone operators, messengers and others who comprise the shipyard "Service of Supply."

Mrs. Wynn Oeschger, of San Francisco, supervisor of the Marinship telephone exchange for three years, will sponsor the ship. Her daughter, Miss Dawn Oeschger, will be maid of honor.

The launching will take place at 4 p.m. After the launching the 523-foot tanker will be taken to the outfitting docks for completion. It is named after the Conecuh River in Alabama, and will be equipped with special Navy installations permitting her operation with the hardest hitting units of the U. S. fleet.

Teener Meeting

A Teener Club meeting will be held next Tuesday, August 14, at 8 p.m. in the teener building "399". The group is being called together for purposes of reorganization. All the town's young people are invited.

Another Repair Job Arrives For Marinship Workmen

Another "engagement" in the critical "Battle of Repairs" was under way today at the shipyard of Marinship Corporation, in Sausalito, where the troop transport Sea Perch was undergoing voyage overhaul and repairs.

Highest priority of attention by men and equipment was being given to the vitally-needed vessel which had gone through many gruelling months at sea before finding time for essential repair work.

The Sea Perch is a C-2 fast speed troop transport, built at Ingalls Shipbuilding Corporation at Pascagoula, Mississippi. She is operated by the United Fruit Company for the War Shipping Administration.

Taxi Service Near Reality In Marin City

Taxi service for Marin City is assured within three weeks, according to the latest reports from Martin Dunlap, medically discharged Navy veteran who plans to establish the business here.

Dunlap has already received permits from the city councils of Mill Valley and Sausalito to operate a taxi service between those towns and Marin City. He has also received approval of the enterprise from the Marin County Housing Commission and the Improvement Committee of the Marin City Council.

From the Office of Defense Transportation, he has been informed he will receive gasoline for 100 miles daily for taxi service.

Already Dunlap has purchased the car which will provide the added city transportation for local residents.

Remaining business before the deal can be completed includes licenses from several official agencies.

After he has started the business, Dunlap plans to move to Marin City with his wife, and establish a telephone in their apartment so calls can be taken to pick up passengers. Until this is accomplished, residents will catch the cab at some central point in the town.

The rates, as set by Dunlap, are 25 cents for travel on the inner zone (flat area), and 35 cents for travel on the outer zone (hill area). Rates between towns will be at established rates of existing out-of-town services.

Dunlap, in the Navy for eight months, was discharged from the service April 2. A resident of San Leandro, he held the rating of electricians mate 3/c.

One New Polio Case Reported In Mill Valley

The first new case of polio in Mill Valley since July 10, was reported by the health department this week. This brings the total in that town up to 12, and brings the total number of cases in the county to 29.

Only two cases, one adult and one child, have been reported in Marin City since the epidemic began.

Congress Orders Army to Abandon Docks After War

Reports have been rife all week about the final disposition of the Army ammunition installations in Marin County. Purported statements by John Sparkman (Ala.), chairman of the Congressional Sub-Committee which conducted the hearings here, have been made. However, a telegram from Representative Clarence Lea this morning said:

"Fourteen page report of Military Affairs Sub-committee on California Point Ammunition Loading Depot investigation filed today contains following recommendations:

"1. If not completed when the war with Japan ends, project to be discontinued at once and abandoned.

"2. If completed before the war with Japan ends, it should be abandoned at the end of the war.

"3. In no event should more than two piers of two berths each be built even for temporary use.

"4. If permanent facilities are deemed necessary for that area they should be built on some other site, probably at Hoyt in the Suisun area or at Collinsville.

"5. Existing storage facilities in the Hoyt-Suisun area should be maintained looking toward possible use in the event that a permanent pier is built in that area.

"6. Upon abandonment of the project, owners from whom the land has been taken, should be given opportunity of preference to reacquire as far as the provisions of the law permit.

"Am airmailing copy of report."

Hunter's Point Will Be Opened For Inspection

War damaged and repair units of the mighty Pacific fleet will be open for public inspection for the first time in history at the Naval Drydocks, Hunter's Point, on Sunday, August 12, it was announced Saturday by Captain N. L. Rawlings, USN, commanding officer.

The Navy Department has authorized "open house" at the 500-acre shipyard for public visiting at Hunter's Point.

In a statement released to the press, Rear Admiral M. S. Tinsdale, USN, commandant of Mare Island Navy Yard and Hunter's Point, said:

"The Navy wants the public in the Bay Area to see the magnificent job the civilian workers are doing on battle-damaged and travel-worn ships of the Fleet that are beating Japan to its knees."

Plans are being completed for the attendance of 150,000 persons. Admission will be by free tickets to be distributed by civic organizations, retail stores and through other channels, to be announced.

Tickets will be valid for hourly periods from 9 a. m. to 5 p. m., entitling the bearer to entrance into the Yard and to Navy transportation, to be provided by bus between the Hospitality House in Civic Center and Hunter's Point; and in limited volume by ferry between the Ferry Building, Pier 1-A, and Hunter's Point. The Municipal Railway is cooperating by maintaining normal week-day schedules on its routes to the Point.

No parking will be permitted inside the yard, but shuttle buses will be available to connect the Yard with parking spaces on the approaches to Hunter's Point. No food service will be available.

Hunter's Point has the distinction of having won the 1944 Admiral Land Safety Trophy awarded to the Navy yard or ship repair yard with the best safety record in the country.

The E. D. Samples, newlyweds who have made their home here temporarily with Mrs. Ray Hobson, left Thursday to establish residence at Portland, Ore.

Cleanup Drive to Continue at Each Household

(Continued from Page One)

Marin City Council, scout leaders and the recreation staff organized cleanup teams to rid house yards of waste paper, tin cans and boards. The Housing Authority already had undertaken the apartment area.

Beginning with the south hill adjoining the playground, the youngsters covered the houses from No. 1 to the 270's, across from the Fire Department.

Scouts cleaned a sizeable area on the north hill the opening day of the drive. A volunteer group under the leadership of Mrs. Earl James picked up trash in the area bordered by the market center and Donohue Street. In addition, many youngsters have reported clearing their own yards of refuse.

Mrs. Marion MacQuade, USO receptionist, is on a two weeks vacation at Guerneville Park Beach, Russian River.

Duke Ives Opens New Business in Marin City

Duke Ives, well-known Marin City business man, has taken up a new enterprise in the community. After getting approval from the Housing Authority, Ives has started sale of a new type hand fire extinguisher from his apartment residence.

He was formerly operator of a small moving truck in this area.

His determination to sell the extinguisher was born after a fire near his apartment unit destroyed clothes and belongings of a neighbor.

He is transacting sales at his home, A65-513, and through his post office box, 276.

Will Attempt to Place FEPC Bill Before Voters

Attorney-general Robert W. Kenny announced today that supporters of the fight for a state Fair Employment Practices Committee law are being asked to approve and finance the placing of a state FEPC initiative measure on the ballot in 1946.

Kenny, as honorary chairman of the statewide committee for a California Fair Employment Practices Commission, has sent a letter to all members and supporters of the committee, which backed AB 3, the state FEPC bill, at the recent session of the California State Legislature.

Mill Valley Woman New Director of Recreation Dept.

Mrs. Marion Coffee of Mill Valley is the new director of the Marin County Recreation Department, replacing Miss Mildred D. Wollett who resigned after holding the job for one month. Miss Wollett is joining the staff of Dominican College as a physical education director.

The new director, who took over on August 1, has been with the department as director in Sausalito since March 15 of this year.

USO Seeks Mrs. Miller To Deliver Letter From Seaman Miller

A letter, addressed to Mrs. S. E. or L. E. Miller, arrived at the USO-Travelers' Aid office yesterday. As the Housing Authority has no record of such a resident, the USO hopes Mrs. Miller will see this item and stop at their office to collect her mail.

The air mail letter is from W. E. Miller, BM 2/c, stationed aboard the USS Detroit.

Dempster With UNRRA Team In British Occupation Zone

In a letter to his Marin City friends, Milen Dempster, former project services director here, writes he has completed his training with the United Nations Relief and Rehabilitation Authority and is now assigned to work with the Bureau of Displaced Persons.

"I am leaving here, Granville, France, Sunday morning for assignment as a replacement in some team in the British Zone. There are 12 of us — four from the USA, four Poles, three Englishmen and two Frenchmen. It is very exciting, after all these delays to at last get within striking distance of WORK.

"There are some 1200 to 1500 of us here at Jullonville—British, Poles, Dutch, French Cubs, Belgian, Americans, Canadians, Australians. The week's training we had was excellent but I have been here since July 10. We only go forward as the armies call for us. The armies haven't called us as fast as they had expected to. One reason for this is that the armies have returned many more Displaced Persons to their homes so much more quickly than they or anyone else had foreseen.

"While here many deep friendships have been formed and parting with friends is always hard. That is one of the difficulties of being an UNRRANIAN, as they call us.

"I had just been appointed by the Student Council here this afternoon as chairman of a committee to be responsible for all self-help activities—entertainment, instruction, furnishings, sports, library, information—almost like being a resident of Marin City and dealing with the Housing Authority. It amused me—sitting on the other side of the table. A few students break beer bottles as well as a few of those who dance at Marin City break bottles."

Soldier to Deputy

A veteran of the African invasion, Irwin H. Larson, recently discharged from the U. S. Army, has joined the staff of the Marin City sheriff's office. Prior to his return to the states, Larson was in charge of an Italian prisoner of war camp in Africa.

COMMUNITY CHURCH

"Religion and Science" is the subject of the sermon to be delivered by Rev. John Duffy at the Marin City Community Church Sunday morning. This sermon asks the question "Will the atomic bomb bring about the destruction or the advancement of mankind?"

Sunday School, under the direction of Miss Irene Strombon, superintendent, begins at 9:45 o'clock. All services are held in the Community Center.

State Aid to Veterans is Speeded Up

Departments of the state government today were preparing to put into effect bills passed by the 1945 Legislature which will add to California's program for speeding the "personal reconversion" of war veterans.

As a result of new legislation signed by the Governor, the California Veteran's Commission, which Warren organized on a voluntary basis in 1944, is given legal status and financial support. Its job is to help set up information and service agencies which local communities will operate.

Authority was granted to submit a \$50,000,000 bond issue to a vote of the people in November, 1946, the money to be made available for loans to veterans who want to buy a home or a farm. A \$30,000,000 bond

issue was approved by the people in 1944.

The Governor signed a bill increasing the amount that may be loaned to \$6,500 for a home and \$12,500 for a farm. He advocated reducing the interest rate on such loans to three per cent, instead of the present five per cent. The legislature, at the request of veterans' organizations, compromised on four per cent.

Returning veterans will be able to pick up their schooling with the assistance of the Cali-

fornia Veterans' Educational Institute, which was authorized to pay up to \$40 a month for the living expenses of ex-soldier students. The Institute takes care of tuition and other fees, and supplies the textbooks.

Then, after the veteran "gets on his feet," he is given the benefit of exemption from taxes on the first \$1,000 worth of property he and his wife own. The exemption continues until his holdings pass the \$5,000 mark.

Opera Tickets Are Offered by Theatre Group

The newly-organized Little Theatre Group, under whose auspices the presentation of "Hansel and Gretel" will be made on September 8, has distributed tickets for the show and are busy at work perfecting plans for a successful performance.

This fairy-tale opera by Humperdink will be presented in Forest Meadows, at Dominican College, as the initial step in promoting a Little Theatre organization which will function in Marin for the benefit of both children and adults. At a recent meeting at the home of Mrs. Norman Livermore in Ross, a group of interested citizens organized to bring entertainment to the children of Marin, and the showing of "Hansel and Gretel" is concrete evidence of a working organization.

The San Francisco Opera Company, under the direction of Kurt Herbert Adler will present the play, with an orchestra drawn from the San Francisco Symphony Company. Stage director will be Armando Agini, who comes from the Metropolitan Opera Company.

Tickets have been placed on sale in San Rafael at the Marin Music Company; San Anselmo, Hoy's Radio Service; Larkspur, at the Larkspur Library; Corte Madera, Highway Fountain; Kentfield, Ross Valley Shop; Mill Valley, Brown's Home Furnishers; Inverness, Mery's General Store.

Additional ticket agencies will be established in other communities for the convenience of the public.

USO Executive Tours Town and Marinship

Mrs. Katherine Sample, USO Travelers' Aid executive from the New York office, was a visitor in Marin City last week. Escorted by Mrs. Marie Larson, Mrs. Sample was taken on a tour of Marinship and the surrounding area.

In company with Marcia Patterson, yard woman counsellor, the USO women had lunch at the Marinship cafeteria.

New Party Idea Sweeping The Town

One of the most neighborly events to take place in Marin City is being introduced by Mrs. Arthur Ekman who is sponsor of a series of horoscope and quiz parties being held in a number of this town's homes.

As saleswoman for Stanley products, Mrs. Ekman utilizes the social affairs to acquaint women with the articles she has to offer. A by-product of the series is the friendly sociability inspired by bringing together women who have not before had occasion to say more than "hello."

The most recent party was held at the home of Mrs. John Meiers, House 78, who served as hostess for the evening.

Guests included Mesdames Bill Browning, Walter Gasser, C. H. Husel, W. J. Richards, H. Brown, Horace Williams, G. Woods, John Price and S. P. Schlodweiler.

Although such parties are relatively new to California, they have long been an established social procedure in many midwest communities.

Other hostesses for such affairs have been Mrs. Bob Bynum and Mrs. John Price.

Navy Orders Cancel Trip To Marin City

Two generous offers of hospitality from Marin City residents to a service man's wife were in vain this week, as the expected visitor from Canada, Mrs. John Scalero, has been forced to cancel her trip here.

This news was revealed when Mrs. Marie Larson of the USO phoned Scalero, shipfitter 3/c at Tiburon, that a room had been secured here to insure his wife's permission to enter the U. S. from her Canadian home. Seaman Scalero then told Mrs. Larson that all arrangements were cancelled as he has received his overseas shipping orders.

Residents who offered to open their homes so the wife could be near her husband for a month were Mrs. Raymond Wilson of House 776, and Mrs. Eloise Gravies of A34-271.

The women's offer of rooms was made after an appeal was printed in last week's Marin Citizen.

Ninety out of 100 metropolitan cities showed a drop in employment during the past year.

Youngster Proves Worth of New Alarm System

First testing of the new fire alarm system in the apartment units was made this Monday by an experimenting youngster who broke the alarm glass and started the buzzers going. According to reports, it worked satisfactorily with all apartment residents rushing out of their rooms away from possible danger.

However, points out the new fire chief, Arthur Netro, the alarm system does not summon the fire department. The first person alerted by the alarm should rush to the phone to call in the fire trucks — that is, for all emergencies, but false alarms.

Nancy Larsen, leading Marin City teener, is a candidate in the San Rafael Native Daughters' Fiesta.

War Memorial Fund Voted by Supervisors

The Marin Board of Supervisors have included \$26,500 in this year's budget toward a Veterans' Memorial. This action was taken after representatives of the Veterans' organizations had appeared before the Board with a request for a 1½-mill tax levy to sustain a program of nine memorials throughout the county, which would embrace a long-range program to

Congratulations

To Mr. and Mrs. Alton West on the birth of a son at Ross General Hospital August 6th.

raise \$630,000. Action of the Board now makes available \$37,900, as \$11,400 had been previously set aside for such a purpose.

As yet no definite plans have been decided upon as to what form the memorial will take. Further study will be made by both the Veterans' organizations and the Supervisors.

What's Going On In The World?

Prepared by National League of Women Voters

Test your knowledge of the headline news:

1. United Nations Who's Who—The following people have been in the headlines lately; how many of them can you identify?

a. Maj. Gen. Geoffrey deBeauchesne (France).

b. Maj. Gen. Floyd L. Parks (U. S.)

c. Col. Gen. Alexander Gorbatov (USSR).

d. Maj. Gen. L. O. Lyne (Britain).

e. Joseph Benedict Chifley (Australia):

f. Col. Westray Battle Boyce (U. S.)

2. What Allied nation has sent 600 qualified specialists to the United States to study our transportation, engineering, manufacturing and agriculture so they can rebuild their country by advanced American methods?

3. Which liberated country will not seek aid from her Allies after September 30, 1945, but will give aid instead?

4. Information Please—Where can I get a copy of the United Nations Charter?

ANSWERS

1. "a", "b", "c", and "d" are the French, American, Russian and British members, respectively, of the "Kommandantur," the 4-man, allied command post now in charge of the government of Berlin. "e" is the new Prime Minister of Australia. "f" is the Prime Minister of the new Polish government. "g" is the new

Fire Destroys Household Goods At Shedloskys

Twenty-five dollars worth of household goods and furniture were destroyed in a fire at the V. Shedlosky home, House 69, last Monday when the kitchen kerosene stove caught fire. The blaze was extinguished by the fire department.

Also suffering from overheated stoves or heaters were residents at A45-357 and House 220, although no damage was reported from either alarm.

War Ration Book Five will be distributed through the schools early in December.

director of the Women's Army Corps.

2. China. One of China's future plans is a TVA for the Yangtze River.

3. Denmark. Denmark plans to export 100,000 tons of fresh food before the end of September.

4. Write the Department of State, Washington 25, D. C. for a free copy of the United Nations Charter. For a simplified explanation of the Charter, send 10c to the National League of Women Voters, 726 Jackson Place, NW, Washington, D. C., for their pamphlet, "Fifty Nations Agree."

(Prepared by National League of Women Voters.)

By VIRGINIA VALE

ROBERT WALKER, Keenan Wynn and others on the M-G-M lot were discussing plans for the filming of "What Next, Corporal Hargrove?" when Wynn turned to Walker and remarked, "Bob, you've been in the armed forces so long now that you surely must have enough points to become a civilian." The crack was occasioned by the fact that out of eight pictures Walker has made, six have had him in uniforms of the armed forces. In real life he was turned down because of defective eyesight. But Van Johnson beat Walker's record; he's been in uniform for eight pictures; injuries suffered in that motorcycle accident two years ago made him a civilian in private life.

Keenan Wynn was about to be inducted when he, like Johnson, met fate in the form of a motorcycle accident. He's worn uniforms in several pictures. He and Johnson both wear civs in "Early to Bed", Wynn's first since his recovery and return to the studio.

Tommy Dorsey will star in a musical film tentatively called "My Brother Leads a Band."

TOMMY DORSEY

for United Artists. It's scheduled to go before the cameras some time during the 12 weeks Dorsey is on the Coast for his Sunday afternoon radio program.

Kenny Gardnes, former singer with Guy Lombardo's orchestra, now with the armed forces, has just received the Bronze Star for bravery on the field of battle. Kenny, who's married to Elaine Lombardo, Guy's sister, is a first lieutenant with Patton's Third Army.

There's a myth that all you have to do to break into pictures is sit on a drug store stool near Hollywood high school and be discovered by a talent scout. Lana Turner was, they say. And Ann Sheridan's sister mailed her picture to the Dallas News and Annie became a star. But—Bette Davis, Ida Lupino, Jennifer Jones, and hosts of others worked like dogs be-

fore they ever heard the rattle of a contract.

After a month's search and two weeks of screen tests to find just the right bathing suit for Jane Russell to wear in beach scenes for Hunt Stromberg's "Young Widow", the search ended—in Jane's own clothes closet. Dozens of suits had been bought, a knitting mill in Oregon was commissioned to make special ones. You'll see Jane wearing one she bought last year at a neighborhood store.

While most of her classmates in the graduating class at Westlake School for Girls began their vacations, Shirley Temple went back to work. She headed for the Pacific Northwest and an extended tour of army hospitals. Her latest picture is "I'll Be Seeing You."

Laraine Day is one of Hollywood's most enthusiastic collectors of 16-mm. films—her collection rates with those of Cary Grant, Deanna Durbin, Lou Costello and Alice Faye. While working on "Those Endearing Young Charms" she acquired a print of her first picture, "Border G-Men." She was 16 when she made it, and supported Geo. O'Brien in it. And she was pretty good in it, too.

Twenty different government agencies are providing material for the "Now It Can Be Told" series, broadcast Monday thru Friday evenings over Mutual. This is the program produced by Dan Seymour which features

Loretta Young Featured in Next Adult Movie Here

Continuing to bring top feature pictures for the Thursday adult movie programs, the Marin City Recreation Committee will present "Doctor Takes a Wife" at 8 p.m. next Thursday in the Community Auditorium.

Loretta Young and Ray Milland are co-starred in the film. Boys and girls under 13 must be accompanied by a parent to attend the adult program. Free movies for children are given each Thursday at 6:30 p.m. Admission for the 8 o'clock show is 9 cents.

dramatizations of material never before revealed.

ODDS and ENDS — Eileen Farrell is considering an offer to make a concert tour in South America . . . Ralph Bell's had such training in gangster roles in "Crime Doctor" that he's been given the lead in a new radio program, "Prof. Broadway and Boitram"; it deals with the same kind of tough characters heard in "Crime Doctor" . . . Trudy Erwin of the "By Request" air show has a mascot—tiny diamond earrings in the shape of musical clefs; she always wears them when she broadcasts . . . Dick Powell is assembling material for a movie scenario based on a haunted hotel—oddly enough, he's working on a detective character that he'll play himself.

Eight Marin Men Are Inducted Into Service

Inducted into the Armed Forces at Local Board No. 50, Mill Valley, last week were the following:

Richard W. Ferber, Mark S. Brauer, George A. Fontes, Mill Valley; Harold Neal, Marin City; Edward Kothgassner Jr., Corte Madera; Robert W. Johnson, Bolinas; Ralph D. Bettencourt, San Rafael; Charles W. Wensloff, San Diego (formerly of Sausalito).

Veteran Sells Interest In Shipbuilding Firm

One of the original owners of the Sausalito Shipbuilding Co., Pfc. Stanley G. Morris, formerly of San Anselmo, has sold his interest in the company to the organization's president, Robert Rich.

Pfc. Morris, who owned quarter interest in the business, is now at Camp Beale, awaiting reassignment after a 30-day furlough. He has served with the Trident (97th) Division in the Ruhr Pocket, and Czechoslovakia.

Disease Report

Prevalent diseases in Marin County, according to the August 4 report from the health department, show measles leading the list with 12 new cases. Others are: chickenpox, 7; gonorrhoea, 4; mumps, 2; and tuberculosis, 1.

"FOR WHOM THE BELL TOLLS"

Salmon Run At Klamath is Reported

Reports have come in to the effect that salmon are being taken in the Klamath river. This is the news that is eagerly awaited by fishermen each year and always calls for a thrill to those who seek the salmon with hook and line.

Various camp operators along the banks of the Klamath say that anglers are landing many big ones, the largest reported hitting the scales at 32 pounds and several others running in the neighborhood of 24 and 30 pounds — good sized fish in any man's language.

Incidentally, for your information, since the governor signed A. B. 1468, new regulations are now in order. Outlined briefly these laws are:

No person may fish for salmon without a valid fishing license, nor any person more than one line (purely elementary, Dr. Watson). Further incidentals are that a line may be equipped with not more than two attractor blades nor more than three hooks, except under a commercial license, in ocean districts. No snag or gaff hooks may be used. Spears may be used only in the San Joaquin River within the counties of San Joaquin and Stanislaus; in the Merced River below the town of Cressey in Merced County; in the Tuolumne River below the highway bridge near Waterford; and in the Stanislaus River below the Santa Fe railway bridge near Riverbank. Angling or spearing of salmon in those waters is un-

Mill Valley Nine Leads in County League Standings

Summer baseball league standings show Mill Valley leading the county with five wins and two losses. In second place is Fairfax with four wins and two losses. Other team standings in games sponsored by the Marin County Recreation Department are: Larkspur-Corte Madera, four wins and two losses; San Anselmo, three wins and two losses; Sausalito, two wins and five losses; Marin City, one win and six losses.

Three more play-offs will be held Sunday, August 12. Teams in competition are Larkspur-Corte Madera versus Sausalito at Larkspur; Marin City versus Mill Valley, at Mill Valley; Fairfax versus San Anselmo, at San Anselmo. All games begin at 10 a.m.

lawful between April 1st and December 31st, with a bag and possession limit of two fish per day, irrespective of size. No salmon taken by the holder of a sporting fishing license may be sold.

In the ocean districts, except in Districts 6 and 7, from Oregon to Mexico, salmon may be taken by hook and line between April 1 and September 15. In ocean districts 6 and 7, commercial fishermen may take salmon for another month, to October 15, until cessation of hostilities or until 90 days after the 1947 session of the legislature whichever first occurs. There is no daily bag limit, but all such fish must be 25 inches, or over

Globe Trotters In League Cage Contests

The basketball schedule for Marin County leagues was announced this week by the Recreation Department for all games which run through the month of August. All contests are held at Tamalpais High School, beginning at 7:30 p.m.

The first was held Wednesday between Mill Valley and Locust, followed on Thursday by a game between Fort Baker and the Western Sea Frontier team.

The remaining schedule is: August 8—Fort Baker vs. Locust; August 9—Western Sea Frontier vs. Marin City Globe Trotters; August 15—Marin City Globe Trotters vs. Fort Baker; August 16—Mill Valley vs. Western Sea Frontier; August 22—Locust vs. Marin City Globe Trotters; August 23—Western Sea Frontier vs. Fort Baker.

During the first four months of this year, penalties were imposed on more than 28,000 violators of OPA price, rent and rationing regulations.

'You are only a foot from trouble,' says the nationwide break testing program sponsored by the International Organization of Police Chiefs.

Peace In Our Time?

Cessation of armed hostilities within hours seems a certainty, according to the surrender terms which Japan accepted this morning. Not a certainty yet, is the prospect of world peace which is a battle started so auspiciously at the San Francisco Conference. The truism that we can win the war and lose the peace, is a subject which the world is going to see threshed out in the international arena, starting the minute the peace articles are signed.

That peace will rest firmly on only one foundation—economic security for all peoples of all nations.

In setting reparations, in devising plans for punishment of war criminals, we cannot isolate the two nations of Japan and Germany into slave areas. And as humanitarians, we can not erase their present wickedness from the world by mass murder. We must realize now that the process of propaganda and education for a new free generation of those countries must begin now.

But along with that, let's be careful not to overlook our own house. That America, the great liberator of minorities and the fighter for international justice, should be guilty of minority persecution in its own land and neglect of intelligent economic planning—must not be allowed by its people.

Reconversion—the device which should enable the working man and woman to keep on earning a decent living in our new, free world—is right around the corner. We, in Marin City, will be among the first to see how well the planning is to be carried out. It seems exceedingly likely that Marinship will complete its contracts and fold by October. That will mean that many of our residents can thankfully leave their war jobs and turn back to their home communities.

But to the majority of Marin City people, it means simply that they'll be out of a job. The constant emphasis upon our privilege as citizens of a democratic country must now be utilized more firmly as we enter the peaceful world. It is not our job to sit back and see what the government officials are going to pull out of the hat in the way of jobs and social security. It's our duty and privilege—which our sons have fought for—to sit up, look around and tell the leaders of the world the kind of plans they must draft.

A Year Ago In Marin City

(From The Marin Citizen files
of August 11, 1944.)

The \$1.50 rent raise in Marin City apartments was slated to come up for negotiation between residents and officials of the regional housing authority, according to an agreement reached at a local mass meeting.

Nearly five tons of newspapers and magazines were collected in the city's first salvage drive.

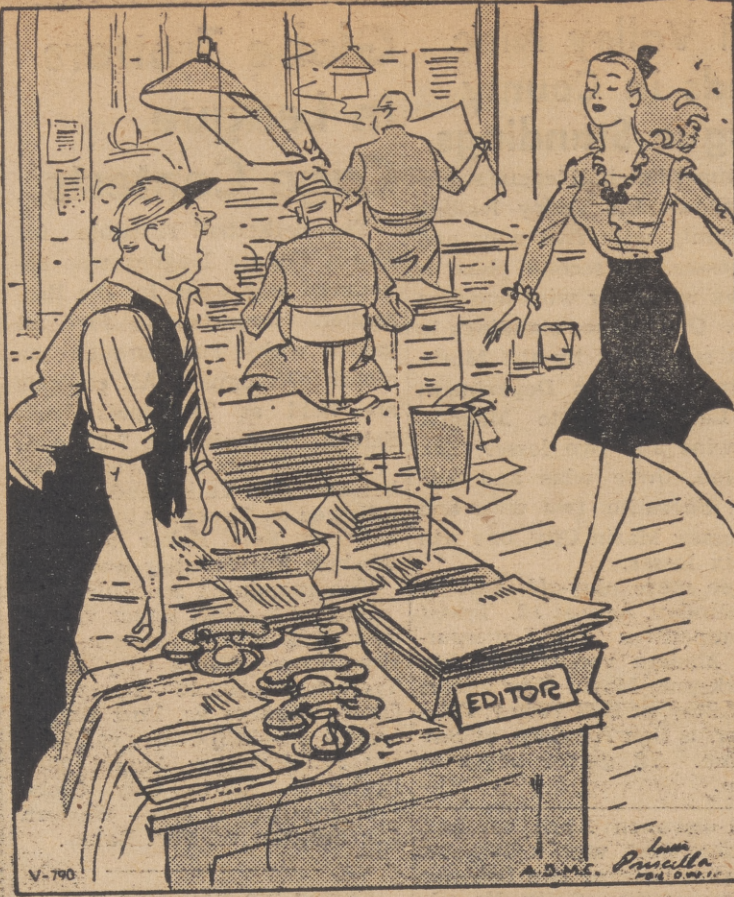

Author Florence W. McCullough presented a copy of her book, "Living Authors of the

Ozarks and Their Literature," to the Marin City Library.

Three appendectomies were performed on Marin City residents through the Medical Center insurance plan during one week.

A rummage sale to benefit the Good Neighbor Fund was scheduled by VICS in Marin City.

More than 40 Marin City girls, with their chaperones, were junior hostesses at a Navy-sponsored dance at Treasure Island.

"COPY BOY! BOY! OH. BOY! BOY O-BOY O-BOY O-BOY!"

In This Corner

The Game of Politics in Relation to Minorities

By John Duffy

In politics, votes are the things which count. If a politician wants to succeed he knows that he must get more votes than his competitors. Minority peoples have often played a significant part in supplying votes for politicians. Sometimes politicians go to a great deal of trouble to get out the Italian, Jewish, Catholic, Negro, Irish, etc., vote. Once in a while, when a political race is close, a minority group can be the determining factor in an election.

The old saying that "Politics makes strange bed-fellows" is as true today as it ever was. In California, we have had two outstanding examples of this recently.

The Attorney General of the State is authorized by law to take action in local communities where the civil authorities are not doing a satisfactory job of law enforcement. Mr. Kenny, the present Attorney General, has not taken such action in the many cases of terrorism against American citizens of Japanese ancestry in which most local officials have most certainly failed to enforce the laws adequately. It is possible, because of the few votes which Americans of Japanese ancestry can cast, that they are not considered important enough to require the serious attention of politicians. Nevertheless, their civil liberties and property rights are being violated, and the Attorney General is doing nothing of importance to correct the situation.

In spite of this lack of concern over the welfare of one minority group, Mr. Kenny has made a serious bid for the Negro vote. He has addressed many Negro and inter-racial groups throughout the State. Also, he is chairman of a State-wide Committee for a Fair Employment Practices Commission. It is rumored in several quarters that Mr. Kenny is planning to run for Governor or U. S. Senator from California. In view of these things, it would seem advisable for all minority groups to realize that basically Mr. Kenny would seem to be a politician and vote-getter first, and a fighter for social justice only when that might pay political dividends. Mr. Kenny is a Democrat.

On the Republican side of the ledger, we have the recent visit to California of Mr. Brownell, chairman of the Republican National Committee which is supposed to guide the destiny of the party which Abraham Lincoln helped to found. While in

Los Angeles recently, Mr. Brownell held at least two political conferences in the Biltmore Hotel. The conference rooms were adjacent to each other. One was used by white Republicans. The other was used by Negro Republicans.

Mr. Brownell addressed each group separately. Despite the fact that last year, the Republican national convention took a forthright stand in behalf of minority peoples and endorsed a permanent federal fair employment practices committee, Mr. Brownell minimized the activities of Senator Taft and other Republicans in Congress who have consistently and successfully joined with the southern Democrats in opposing the adoption of measures favorable to minority peoples.

One authority, who has studied the platform statements made every four years since 1880 by the Democratic and Republican parties has found that the best statements have usually been made by the Republicans, while most of the real advances for minority people have been made under Democratic leadership, most of it occurring under the leadership of Franklin D. Roosevelt and in spite of the prejudiced southern Democrats.

These things indicate at least two things: 1. It is high time that the problems of minority peoples were considered on the basis of principle rather than political expediency; and 2—Minority peoples should be careful in their support of politicians who promise much and do little, because thereby minority groups may "sell their birth-right for a mess of pottage."

CHRISTIAN SCIENCE

Christian Science Lesson-Sermon for August 12. Subject: "Spirit." Golden Text: I Corinthians 2:11. "What man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of God."

Excerpts from the Sermon: The Bible: "Set your affection on things above, not on things on the earth" (Col. 3:2).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As mortals begin to understand Spirit, they give up the belief that there is any true existence apart from God" (p. 283).

Mrs. Nellie Pine from Corte Madera is the new Medical Center night nurse replacing Mrs. Watts who is the head nurse on the day schedule during Mrs. Ilona Bellak's vacation.

Rights and Privileges Of G.I. Joe

By J. C. Bordanaro,
Veterans Service Officer, Bank
of San Rafael.

An Act to provide Government protection to widows and children of deceased World War I veterans and for other purposes.

Sec. 1 (a) The surviving widow, child, or children of any deceased person who served in World War I before November 12, 1918, or if the person was serving with the United States military forces in Russia before April 2, 1920, and who was discharged or released from active service under conditions other than dishonorable after having served 90 days or more or for disability incurred in the service in line of duty, or who at time of death was receiving or entitled to receive compensation, pension or retirement pay for service-connected disability shall, upon filing application and such proofs in the Veterans' Administration as the Administrator of Veterans' Affairs may prescribe, be entitled to receive pension as provided by this Act.

Sec. 2 (a) That the monthly rates of pension shall be as follows: Widow but no child, \$35; widow and one child, \$45 (with \$5 for each additional child); no widow but one child, \$18; no widow but two children, \$27 (equally divided); no widow but three children, \$36 (equally divided) with \$4 for each additional child (the total amount to be equally divided).

Sec. 3. On and after the date of enactment of this Act for the purpose of payment of compensation or pension under the laws administered by the Veterans' Administration, the term "widow of a World War I veteran" shall mean a woman who was married prior to the effective date of enactment of this amendment, or ten or more years, to the person who served; PROVIDED, that all marriages shall be proven as valid marriages according to the law of the place where the parties resided at the time of marriage or the law of the place where the parties resided when the right to compensation or pension accrued; AND PROVIDED FURTHER, that where the original date of marriage meets the statutory requirement and the parties were legally married at the date of death of the veteran, the requirement of the statute as to date of marriage will be regarded as having been met. Compensation or pension shall not be allowed a widow who has remarried either once or more than once, and where compensation or pension is properly discontinued by reason of remarriage it shall not thereafter be recommenced. No compensation or pension shall be paid to a widow unless there was continuous cohabitation with the person who served from the date of marriage to date of death, except where there was a separation which was due to the misconduct of or procured by the person who served, without the fault of the widow."

Sec. 6. The widow, child, or children of a veteran who served in World War II whose death is not due to service therein, but who at the time of death was receiving or entitled to receive pension, compensation, or retirement pay for disability incurred in such service, or how, having served at least 90 days during such war period or having been discharged for disability incurred in line of duty during such service, dies or has died from a disease or disability not service-connected and at the time of death had a disability due to such service for which pension would be payable if 10 per centum or more in degree, shall be entitled to pension in the amounts and otherwise subject to the conditions of Public Law Numbered 484, as amended.
